

About Us

- Our focus is mainly on Pakistani Christian minorities who are discriminated and oppressed on daily basis.
- Pakistan is one of the most dangerous places on earth to live as Christians.
- Pakistan's blasphemy law has become an easy tool to torture and kill the innocent Christians.
- Thousands of Christian families with little children are enslaved and forced to work in inhumane and torturous conditions.
- The converted Christians who accept Christ as their Savior face risk of being punished and killed for the crime of apostasy.
- Hundreds of Christian girls and women are kidnapped, forced to convert to Islam and marry their abductor at gunpoint every year.

Thank you

for your valuable contribution! Your contribution allows us to continue moving forward as an organization to support the Christians who are persecuted due to their faith and Christian identity.

Support us

Let us follow the Word of God and do something for our Christian brothers and sisters in need as they are part of the body of Christ. To bring a change in the lives of these followers of Jesus we need your kind and generous support, as much as you can. Let us join the hands together to stand beside them and sow a little seed of hope in their lives.
